### Notice to Subscribers and Contributors

The continuous growth of *Clinical Science* combined with a further increase of 15% in production costs make it impossible to maintain the subscription price at the present rate. In order to cover increased costs it is necessary to raise the subscription price for 1971 to £20.00 (\$70.00) per annum, post free.

Part of the increase in cost is due to shorter publication schedules for 1971 which will reduce the publication time of papers accepted by some 5-6 weeks.
